

Prepared Written Statement:

For decades, I have earned my living producing and providing wildlife and conservation photography to businesses, non-profits and others. With the proliferation of the Internet and social media available to everyone today, it is a daunting and costly task to protect my exclusive rights to the works created by Shattil/Rozinski Photography. Indeed, it has never been more difficult to do so. Routinely, I am confronted with unauthorized uses of my photographs.

Further inquiries should be directed to my attorney, his contact information being the following:

Sincerely, Wendy Shattil
